Social Winter of Code '23 | MENTOR

Jan 2023 - Apr 2023 · 4 mos

- **Mentored** beginner open-source enthusiasts.
- **Reviewed code and pull requests** (PRs) submitted by mentees.
- Guided mentees in getting familiar with technologies like git and GitHub.
- Collaborated with other mentors and the program coordinators to ensure the success of the program.

GirlScript Summer of Code | CONTRIBUTOR

Feb 2022 - May 2022 · 4 mos

- Contributed to various open-source projects using technologies like Web Development, Java, and Python
- Secured the **5th position** on the leaderboard for the most number of valid contributions
- Worked on **88 issues** and made more than **76 contributions** in the span of three months

PROJECTS

Rock Paper Scissors

Tech Stack : HTML | CSS | JavaScript

A **fully responsive** HTML, CSS, and JavaScript-based Rock Paper Scissors game. Integrated **Light and Dark Mode** feature using JavaScript to provide a visually appealing experience to the users
Integrated a **score reset system** to reset the game.

Hydrate | Water Reminder

Tech Stack : Python

Python application that helps users reach their daily water consumption goal
Generates a random water fact along with the reminder notification.
Sends notifications to the user after a **particular time interval** to motivate them to hydrate.

OverCast | Weather App

Tech Stack : HTML | CSS | Bootstrap | JavaScript

A **fully responsive** weather app capable of fetching weather details of any location. Implemented a **weather API** to fetch weather data for any location.
Capable of retrieving and displaying weather information such as **temperature**, **cloud cover**, and **sunrise and sunset time**.
